

PROJECT FLOW

Date	04 November 2022
Team ID	PNT2022TMID37049
Project Name	University Admit Eligibility Predictor

- **Data Collection**

Collect the dataset or Create the dataset

- **Data Preprocessing**

Import the Libraries.

Importing the dataset.

Checking for Null Values.

Data Visualization.

Taking care of Missing Data.

Label encoding.

One Hot Encoding.

Feature Scaling.

Splitting Data into Train and Test.

- **Model Building**

Training and testing the model

Evaluation of Model

- **Application Building**

Create an HTML file

Build a Python Code
